From the marks scored in candidates in each subject such distinction will be made as the Civil Service Commission may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

The scholarships will be of the annual value of £350 each and will be available for one year, period of two years. The scholarship holders will be required to pay their University fees, Language scholars at Oxford or Cambridge will be required to become non-collegiate students and persons to join a college will only be granted in case the student in the University is not otherwise possible. 4. Some elementary knowledge of French and German should, if possible, be acquired by the scholar before leaving India.

In selecting the scholar, regard will be paid to the following considerations. As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialize, the choice of the special branch of study should be made in India and the permanent proposition should be completed before the scholar leaves for Europe. Accordingly if a scholar wishes to specialize in—

(a) Veda or philology, he should have some knowledge of Latin and Greek;
(b) Philosophy, he should have studied one of the systems of Indian philosophy in the original texts and have read some Platon and Aristotle;

(c) Post-Vello Institute, his meeting should have extended on scholarship beyond the limits of the scheme provided for the R.A. Examination of an Indian University.

4. Before a male State scholar leaves India to take up his scholarship, his parent or guardian will be required to show that he has deposited with the Educational Adviser in the Secretary of State for India a sum of £50 for his travel expenses.

5. Candidates desirous of applying for the scholarships should submit their applications to the Director of Public Instruction as soon as such has been received on or before the 1st March 1921.

3. The scholarship will be awarded in the United Kingdom or with special sanction in foreign countries for a period of three years in the first instance, with the possibility of extension in the case of meritorious students to 4 and 5 years. The scholarship will carry with it no assistance as to any subsequent course or service under Government, and no expectations of such employment will be held out.

4. The scholarship when awarded for educational courses will be granted to a candidate who has passed the R.A. Degree examination of an Indian University. The candidate must produce medical evidence of physical fitness to undergo about the course of study proposed, and her parents or guardian should make suitable arrangements for her maintenance during vacations.
